

# How U.S. Grain Was Exported In 2024/2025

The U.S. Grains & BioProducts Council's feed grains in all forms calculation offers a holistic view of feed grain sold to overseas customers in both unprocessed and value-added forms. This calculation includes corn-equivalent exports of U.S. corn, sorghum, barley, distiller's dried grains with solubles (DDGS), ethanol, corn gluten meal (CGM), meat and poultry.

# Engaging World Customers Keeps U.S. Ag Growing

**U.S. GRAINS &  
BIOPRODUCTS  
COUNCIL**

**95.7% of the world's population lives outside the U.S.**, and more than 97% of the anticipated population growth over the next 35 years will take place outside U.S. borders.

**FTA partner countries accounted for 53% of total U.S. grains in all forms** exports in MY 24/25. Five FTA partner countries were the top exporters for U.S. grains in all forms in MY 24/25: Mexico, Colombia, South Korea, Canada and Guatemala.

**The United States has negotiated trade agreements with 20 countries since the end of World War II**, including the one that established the World Trade Organization. By comparison, there are more than 400 trade agreements in place globally.

**Agriculture contributes positively to the U.S. economy.** U.S. ag exports in 2025 were valued at \$175.6 billion. U.S. agriculture, food and related industries contributed to \$1.537 trillion to the U.S. GDP.
